FOR IMMEDIATE RELEASE

Landrum Professional Wins Prestigious Governor's Sterling Award

PENSACOLA, FL—May 1, 2007—Landrum Professional Employer Services Inc., an industry leader in human resources, will be awarded the Governor's Sterling Award, Florida's most prestigious honor for performance excellence. This tribute comes in recognition of Landrum's exemplary commitment to organizational leadership and management.

"We're honored and humbled to be receiving this award," said H. Britt Landrum, Jr., President and Founder of Landrum. "For over 35 years we have dedicated ourselves to bringing out the best in people and providing the best service to our clients. It is especially meaningful to our staff to win such an esteemed prize."

Governor Charlie Crist stated that "the process required for receiving this award is recognized as one of the most comprehensive methods for any organization to improve performance and drive excellent results."

To receive this award, companies submit to a rigorous application and evaluation process. Landrum was scrutinized and found to excel in seven categories including: Leadership, Strategic Planning, Customer and Market Focus, Information and Analysis, Human Resource Focus, Process Management and Business Results.

Landrum becomes one of only 48 organizations to receive this coveted award since its inception in 1992. "We understand that this award is not a popularity contest. It comes with the expectation that we are a role model for other Florida companies," commented Landrum. "We don't take this responsibility lightly and look forward to helping other institutions achieve their highest goals."

Landrum will accept the award at the Governor's Sterling Award Banquet at the JW Marriott Orlando Grande Lakes on Friday, June 1, 2007.
